[Sandalwood Lipsticks](#)

Sandalwood Lipsticks The Sandalwood range of lipsticks contains Australian Sandalwood resin which is a fixative alternative to aluminium which is used in many other modern lipsticks. Sandalwood oil content will also help to soothe irritation caused by wind and sun.

Ingredients: Castor Oil, Hydrogenated Castor Oil, Light Mineral Oil, Petroleum Jelly, Candilila Wax, Carnauba Wax, Paraffin, Ozokarith Wax, Colours as per schedule Q of FDA, Australian Sandalwood Resin.

Aluminium-free in a choice of 12 colours:

Fancy Fuchia

Personality Pink

Mulberry

Tiffany Pink

Frosty Peach

Classic Pink

Shimmering Plum

Gold Classic

Dusky Rose

Barely There

Warm Russet

Gorgeous Orange

Barely There

P585.00

A great by-product of sandalwood oil extraction is sandalwood resin. Research has shown that the resin is suitable for use as a colour fixative for lipsticks. This eliminates the need for aluminium based dyes which are used in the majority of lipsticks t [\[Product Details...\]](#)
