Emu Oil THE ORIGINAL AND THE BEST

The NEW Mount Romance Emu Oil range features the finest natural ingredients including pure Emu oil and plant derived essential oils to meet the increasing demand for gentle, hypoallergenic skin care.

Skin rejuvenating benefits of Emu Oil provide maximum nourishment and protection for most skin types. This silky smooth range will pamper your skin, leaving it glowing with health. Emu Oil is an ingredient also widely used in other Mt Romance products such as Hot Rub Ointment (AUST R 55532) due to its superior penetrative properties.

Our Pure Emu Oil is unfragranced while other products in the range are delicately fragranced with an essential oil blend of sandalwood, frankincense, jasmine and myrrh. Formulations are free of artificial colouring agents to minimise skin irritation, and the Paraben based preservative system has been replaced by Isothiazolinones.

Conditioner
P505.00

Provides a nourishing base that penetrates deeply to maximise hair condition. Leaves hair soft, manageable and fresh, with the exotic scent of essential oil blends. [\[Product Details...\]](#)

Day Cream
P830.00
