Calming Cream

200mL

MDPE Tube

Flip cap

Boxed

A versatile, deep moisturising cream, ideally suited as a facial night hydrating cream. Calming Cream is also effective as an aftershave balm or cream for rough skin areas such as elbows, heels or flaky zones. Helps to soothe away skin irritation caused by sun, wind, shaving and waxing. Calming Cream is a hypo-allergenic, fragrance free cream and contains elevated levels of Australian sandalwood oil. The richness of Calming Cream does not affect its fine texture, which flows smoothly onto the skin during application. Calming Cream is also recommended as an aftershave balm for those men who prefer a soothing moisturiser, rather than an astringent.

Use: Apply to face and trouble spots at night or whenever desired. Suitable for facial, throat and body application. Apply after shaving to soothe and moisturise.

Ingredients (INCI): Aqua Pura (Water), Caprylic/capric Triglyceride, Glycerin, Sodium Stearate, Polysorbate 20, Carbomer, Fusanus spicatus (Australian Sandalwood) Wood Oil, Simmondsia chenensis (Jojoba) Seed Oil, Tocopherol Acetate (Vit.E), Phenoxyethanol, Methylisothiazolinone and Methylchlorisothiazolinone.

NEW FORMULATION vs OLD:

Preservative change. Note: There is no Arachis (Peanut) oil in this formulation.
